# Basics of rummy

- Rummy is a popular card game that involves skill, strategy and a bit of luck. The game is typically played with a standard deck of 52 playing cards and can have 2 to 6 players. The objective of rummy is to form valid sets and runs of cards and be the first to declare or meld all your card.

# Step by step rummy game rules

- Setup” A standard deck of card is used, with each player receiving 10 cards(for 2-3 players)or 7cards(for 4 or more players).
- Objective:The main goal is to form valid sets and runs. A set is a group of 3 Or 4 cards of the same rankbut different suits, while a run is a group of 3 or more consecutive cards of the same suit. Jokers or wild card can be used as a substitute to complete sets.

# Step by step rummy game rules

- Turns: Players take turn in a clock wise direction. Each turn consists of drawing a card and discarding a card. Players can choose a card from the closed deck (the top card on the undealt cards) or the open deck (the top card of the discard pile).
- Melding: As players draw and discard cards, they work on forming sets and runs. Once a player has formed all their cards into valid combinations, they can declare or “meld” their cards.

# Step by step rummy game rules

- Declaration: To declare, a player must have at least two valid sequences(one of which must be pure sequence, meaning it does not get use joker). After declaring, the players places their melded cards on the table verification.
- Verification: Other players can challenge the declaration. If the declaration is valid, the player who scores point based on the unmelded cards remaining in their opponents' hand.

# Step by step rummy game rules

- Scoring: Points are assigned to the value of the unmelded cards in the opponents' hand. Face cards(jacks, queens, kings)carry 10 points each, while numbered cards carry their face vale. Aces are usually worth point 1.
- Continuation: The game can be played over several rounds, with the player who scores the least number of points over all rounds being declared the winner.

# Step by step rummy game rules

- Joker and wild cards: Some variations of rummy use joker or wild cards, which can substitute for any card to complete sets and runs.
